OPENGATE—Samsun-Çarşamba
Un voyage sensoriel en Turquie

Dans le Lycée de Çarşamba, pendant le cours d'anglais nous avons essayé d'échanger quelques mots et présenter nos pays participants, à travers des dessins en couleur. Nous aurions aimé passer plus de temps ensemble à parler de nos différents pays, car il y avait beaucoup de curiosité à satisfaire. Peu de temps après la visite, nos jeunes amis nous ont envoyé leurs propres dessins pour décrire avec drôlerie les coutumes de leur région. Merci à Mehmet et à tous ses élèves.

OPENGATE—Samsun-Çarşamba
A sensory trip to Turkey

During the English class in Çarşamba Highschool, we've got the opportunity to exchange a few words with our hosts and introduce our participating countries through coloured drawings. We would have liked to spend more time together talking about our different countries, because on both sides there was much curiosity to be satisfied. Shortly after the visit, our young friends sent us their own drawings to describe with humour the customs of their region. Thanks to Mehmet and all his students.
